# Getting Started

## Installing

The Zoiper App for iPhone can be downloaded from the Apple App Store by searching for “Zoiper” and downloading the Zoiper App.

## Signing In

- 1. Login to your Voiceflow user portal and click on “Softphone” from the menu at the top of the screen.
- 2. Click on “QR Code”

Extension	Zoiper Desktop Download	Mobile Provisioning QR Code	Description
100	Desktop Download	QR Code	John Smith

- 3. Launch the Zoiper app on your phone
- 4. In the Zoiper app click on the button in the top left with this symbol

- 5. Your camera will open with instructions on the screen. Point the device at the given QR code and it will automatically be captured.
- 6. Once the QR Code has been scanned, your Zoiper app will auto-provision to your extension.
